

PFAS DECLARATION OF CONFORMITY

BREL Nederland B.V.
Voltastraat 86A, 7006 RW Doetinchem, The Netherlands

This declaration is based on TÜV SÜD Test Report No. 87.400.26.1015.01-00.01 Rev.00 dated 04 September 2026. The tested materials included coating and PCB assemblies. All tested PFAS substances, including PFOS and PFOA, were reported below the laboratory reporting limits.

Declaration

Based on the referenced test report, BREL Nederland B.V. declares that the tested materials of the referenced tubular motor products do not contain intentionally added PFAS substances and that the tested PFAS compounds, including PFOS and PFOA, were not detected above the applicable laboratory reporting limits.

Important Limitation

This declaration applies to the motor assembly components covered by TÜV SÜD Test Report No. 87.400.26.1015.01-00.01 and should be read in conjunction with the referenced test report. The declaration is limited to the materials and components included in the laboratory assessment and does not constitute a statement regarding materials not tested as part of the referenced report.
